

We look forward to working with you. Welcome!

You will need to configure a few applications after your first login. Follow the steps below to get started quickly

Here at <company> we use Microsoft 365, which gives you access to your email and documents from any location.

Let's get started

Below you will find the login details for your computer and Microsoft 365. You will need to set a new password after you logged in. This password must exist out of:

- Minimal 12 characters
- A mixture of both uppercase and lowercase letters, numbers and special characters
- Doesn't contain usernames, (part) of your name, or company name.

It's important that you don't use the password somewhere else.
There is a higher change that your password get's leaked when using company passwords on external websites

Username: **firstnamelastname@lazyadmin.nl**
Password: **lazyPass123**
